Frequently Asked Questions

What is in-kind and how do we account for it?

In-kind contributions include any non-cash support your organization receives. The RAMP Board wants to know what kind of non-monetary support you receive. Volunteer time should be included as *in-kind services* and should be accounted for at \$20.00 per hour. Professional services (such as lawyers and accountants performing legal and accounting services) which can be counted at the professional's going rate. Materials and supplies such as waived rent and utilities should be included as *in-kind goods* estimating the value your organization would otherwise need to pay.

Applicant Cash?

Applicant cash is any money that the applicant is contributing to the project. Land as in-kind on Multiple year or phased projects? Value can only be on land used for the current phase. What if our income and expenses do not match? Projected budgets should balance, while actuals probably won't. Projected budgets balance because you are providing a picture of what you think you will spend and where that funding.
