

## DESCRIPTION:

Implement measures to detect, correct, and enforce against illegal dumping of pollutants on streets, into the storm drain system, and into creeks. Substances illegally dumped on streets, into the storm drain system, and into creeks include paints, used oil and other automotive fluids, construction debris, chemicals, fresh concrete, leaves, grass clippings, and pet wastes. All of these wastes can cause storm water and receiving water quality problems as well as clog the storm drain system.

## APPROACH:

One of the keys to success is increasing the general public's awareness of the problem and to at least identify the incident, if not correct it. There are a number of ways of accomplishing this:

- ▶ Train municipal staff from all departments to recognize and report incidents.
- ▶ Deputize municipal staff that may come into contact with illegal dumping with the authority to write illegal dumping tickets for offenders caught in the act.
- ▶ Educate the public.
- ▶ Provide the public with a mechanism for reporting such as a hot line.

Establish system for tracking incidents which will identify:

- ▶ Illegal dumping "hot spots",
- ▶ Types and quantities (in some cases) of wastes,
- ▶ Patterns in time of occurrence (time of day/night, month, or year),
- ▶ Mode of dumping (abandoned containers, "midnight dumping" from moving vehicles, direct dumping of materials, accident/spills), and
- ▶ Responsible parties.

A tracking system also helps manage the program by indicating trends, and identifying who, what, when, and where efforts should be concentrated.

## LIMITATIONS

- ▶ The elimination of illegal dumping is dependent on the availability, convenience, and cost of alternative means of disposal.

## OBJECTIVES

- New Development
- Residential
- Commercial Activities
- Industrial Activities
- Municipal Facilities
- Illegal Discharges

## TARGETED POLLUTANTS

- Sediment
- Nutrients
- Heavy Metals
- Toxic Materials
- Oxygen Demanding Substance
- Oil & Grease
- Floatable Materials
- Bacteria & Viruses
- High Impact
- Medium Impact
- Low or Unknown Impact

## IMPLEMENTATION REQUIREMENTS

- Capital Costs
- O&M Costs
- Regulatory
- Training
- Staffing
- Administrative
- High
- Medium
- Low
