NOTICE OF 2026 BUSINESS PERSONAL PROPERTY ONLINE TAX FILING

Dear Weber County Business Owner,

In accordance with the provisions set forth under the Revenue and Taxation laws for the State of Utah, taxable business entities must pay an annual self-assessing Personal Property Tax. Such a tax is levied against all personal property assets (i.e., trade fixtures, equipment, computers, telephone systems, furniture, tools, signage, etc.) owned and/or used by the "business" as of January 1 of each year.

To access our online filing system, please use your account number, secure PIN, and email address provided above. **If the email address above is incorrect or missing, please contact us to correct it.** Login requires account email validation. On the reverse hereof is a detailed set of instructions for filing online. Filing online is quick, safe, and efficient. Complete instructions, forms, and payment options are available at www.webercountyutah.gov/Assessor/pproperty.php. If you are unable to file online, please call our office at (801) 399-8572 for assistance.

New for 2026: (1) In 2025, the Utah Legislature shifted all non-mobile flight equipment from centrally assessed to locally assessed (Utah Code 59-2-201 (1)). Non-mobile flight equipment includes assets such as, but not limited to: Consumable Spare Parts, Plant and Equipment owned by the Air Carrier, Non-Licensed Vehicles, and Airport and Office Equipment. **(2)** In 2023, the Utah Legislature deemed supplies exempt from taxation. This exemption **does not** include expensed or capitalized items. Expensed and capitalized items must be reported.

Tax Exemption: (1) A business with an aggregate taxable value of **\$30,100** or less may be exempt from Personal Property Tax. Your application for exemption may only be considered with a completed Signed Statement of Personal Property. **(2)** If a business files and qualifies for the exemption, it is not required to file a signed statement for each continuing consecutive year unless the taxable value rises above the exemption threshold. Please note: you will be notified if your business has qualified for this exemption.

Your Signed Statement and tax payment are due on or before May 15, 2026.

Past-due accounts will be subject to a penalty equal to 10% of the tax due, but not less than \$25.00.

Interest will accrue at 9.5% annually on all accounts not paid in full by May 15, 2026.

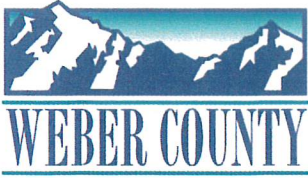

If your business has closed or you no longer own this business, please complete the online "Business Change Form" on our website at https://www.webercountyutah.gov/Assessor/business_change_form.php.

If you need assistance, please call (801) 399-8572 or visit our office at 2380 Washington Blvd. suite 380, Ogden, UT 84401. Our office hours are Monday through Friday, 8 am to 5 pm.

Sincerely,

Jared Preisler
Weber County Assessor

Utah Code: 59-2-307- ... Each person that fails to file the signed statement shall pay a penalty equal to 10% of the estimated tax due, but not less than \$25 for each failure to file a signed and completed affidavit. Upon a showing of reasonable cause, a county may waive or reduce a penalty imposed.

2026 Personal Property Tax Online Filing Instructions

www.webercountyutah.gov/Assessor/pproperty.php

All businesses are required to submit an annual self-assessing business personal property tax filing. The process of filing your business personal property tax begins with gathering your records.

- A complete list of all assets (trade fixtures, equipment, machinery, signage, computers, furniture, etc.) used in connection with your business as of January 1, 2026, is needed. This list should include item description, acquisition year, acquisition cost, and quantity.
- Lease agreements for any equipment being leased or rented, used in connection with your business as of January 1, 2026.

Access the Online Business Personal Property filing system at www.webercountyutah.gov/Assessor/pproperty.php, and use the account number, email, and PIN located on the reverse hereof to log in.

- Filing online is quick, safe, and efficient.
- First, please verify the account information and contact information.
- Businesses filing for the first time are required to file a full declaration. In subsequent years, your equipment listing from the previous year will be available to update.
- Begin adding your equipment by selecting a correct classification code (refer to the classification guide linked in the upper right corner if unsure), then add the item description, year acquired, quantity, and cost.
- As each piece of equipment is added to the filing system, it will automatically calculate a taxable value based on the classification code chosen.
- Once all equipment has been entered, the total taxable value and total tax due will be calculated. If the total taxable value is \$30,100 or less, you will be exempt from payment.
- Next, enter the information about all leased or rented equipment (please do not list registered motor vehicles or land and buildings).
- Proceed to the Summary and Signature page for a complete summary of the assets and to electronically sign the Signed Statement for submission. The PIN must be entered to complete the electronic signature.
- After submitting your filing, be sure to click "Print Return" and retain a copy for your records.
- If required, electronic payments can be made in the form of a credit card. A fee of 2.5% (\$2.00 minimum) is charged on all credit card transactions; Weber County does not receive this fee.
- If you elect to pay your personal property tax via postal mail, please ensure the payment is postmarked by May 15, 2026, to avoid interest. Print and include the payment voucher with the payment.

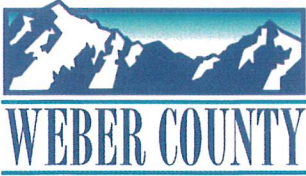

Once you have completed the entire online filing process, your filing will be reviewed by a personal property appraiser in our office. If any changes are necessary, we will correct them and notify you.

If you need assistance, please call our office at (801) 399-8572. Office hours are Monday through Friday, 8 a.m. to 5 p.m.

Thank you for using our online filing system.
