Director, Community Development Department
Subject: **Request for approval of a contract between Weber County and Scales Unlimited for installation of an above ground scale at the Weber County Transfer Station**
Agenda Date: December 1, 2020
Documents: Exhibit A: Scales Unlimited Contract

Summary:

The Weber County Solid Waste Division is requesting approval of a contract with Scales Unlimited to install a new above ground scale at the Weber County Transfer Station. Scales Unlimited was selected through a competitive bid process conducted in compliance with Weber County's purchasing requirements. The new scale will cost \$44,900.

This new scale will be the second scale at the Transfer Station. It will be used for large commercial trucks and will reduce wait times at the existing scale for residential and small commercial customers. Safety at the Transfer Station will also be improved because the large commercial trucks will use a separate entrance and exit than the general public. Work on the scale will start in 2020 and finish the spring of 2021.

Recommendation:

Approve the contract with Scales Unlimited for \$44,900.
