July 12, 2022

Mr. Tucker Weight
Weber County Engineering
2380 Washington Blvd., #240
Ogden, UT 84401

Dear Tucker,

We have talked about formally extending the contract we have as the Executive Director for the Golden Spike Storm Water Coalition. We are pleased with the way things have gone and are interested in extending the contract. The purpose of this letter is to make a formal request to extend that contract.

The terms of the agreement allow for extensions up to five years. Our preference is to do an annual review and extension because J-U-B wants the ability to revisit the compensation each year. There seems to be a lot of unknowns right now with the economy, so having the flexibility would be good. We are willing to extend with the compensation amount as we had for the first year with the addition of a 14.16% Cost of Living Adjustment. This would increase compensation from \$21,899.20 to \$25,000.

This will be put up to a vote of coalition members in July's coalition meeting.

Sincerely,
J-U-B ENGINEERS, Inc.

Gregory L. Seegmiller, P.E.
Project Manager

Weber County accepts the offer to renew the contract for an additional one-year term, to expire June 18, 2023, with the option to renew as stated in the original contract.
