6. Vesting.

- 6.1.** To the maximum extent permitted under the laws of the County, the State of Utah, and the United States, the Parties hereto intend that this Agreement grants to Developer the right to develop and use the Project, as outlined in and subject to the requirements set forth in this Agreement, without modification or interference by the County (collectively, the “Vested Rights”). The Parties intend that the rights granted to Developer under this Agreement are contractual and also those rights that exist under statute, common law, and at equity. The Parties specifically intend that this Agreement grants to Developer “vested rights” as that term is construed in Utah’s common law and pursuant to Utah Code Ann.
- 6.2.** Neither the County nor any department or agency of the County shall impose upon the Project (whether by initiative, or other means) any ordinance, resolution, rule, regulation, standard, directive, condition or other measure (each a “New Law”) that reduces or impacts the development rights provided by this Agreement or the Vested Rights. Without limiting the generality of the foregoing, any New Law shall be deemed to conflict with this Agreement and / or the Vested Rights if it would accomplish any of the following results in a manner inconsistent with or more restrictive than applicable law, either by specific reference to the Project or as part of a general enactment that applies to or affects the Project: (i) change any land uses or permitted uses of the Project; (ii) limit or control the rate, timing, phasing or sequencing of the approval, development or construction of all or any part of the Project in any manner so long as all applicable requirements of this Agreement, and the applicable zoning ordinance are satisfied; or (iii) apply to the Project any New Law otherwise allowed by this Agreement that is not uniformly applied on a County-wide basis to all substantially similar types of development projects and project sites with similar zoning designations. Notwithstanding the foregoing, if Developer considers any New Law to be beneficial to the Project, this section does not require Developer to comply with the superseded ordinance, but rather in such cases, Developer may with County approval, which approval may not be unreasonably withheld, conditioned, or delayed, elect to request that the New Law apply to the Project.
- 6.3.** The Developer acknowledges that the County is restricted in its authority to limit its police power by contract and that the limitations, reservations, and exceptions set forth herein are intended to reserve to the County all of its police power that cannot be so limited. Notwithstanding the retained power of the County to enact such legislation of the police powers, such legislation shall not modify the Developer’s vested right as set forth herein unless facts and circumstances are present which meet the exceptions to the vested rights doctrine as set forth in Section 17-27a-509.5 of the County Land Use, Development, and Management Act, as adopted on the Effective Date, *Western Land Equities, Inc. v. County of Logan*, 617 P.2d 388 (Utah 1980), its progeny, or any other exception to the doctrine of vested rights recognized under State or Federal laws.
