

## Appendix H - POWDER Mountain (Snowflake & East) Community Input

Subject: Re: Follow-up Meeting for Community Feedback on Future Wolf Creek Resort Development

Hi Jan;

Here is some input for the meeting;

A walking/bike Pathways type trail is needed from Wolf Creek to the Valley market. Too many people, and children walking and riding bikes on the road; and very carelessly.

Another exit roadway needed from Wolf Creek to connect with other main roads; 158 cannot be the only way out.

What is the status of green or open space if any left?

Connect 4100 from N Ogden divide with Wolf Creek.

Would like to see a Village created in the current Wolf Creek buildings.

Liquor Store needed.

Wine bar/Apre ski/coffee bar/bakery needed. (quick breakfast)

Who will pay for road repair (158) with all the large equipment going up to PM; road is getting sticky especially with heat.? Is there a limit on how many can go up and down: weight limits?

Unusually busy last few weeks; and large loads.

What is happening at the Old Water /Liquor store building areas.
