All Bond Companies,

Effective Tuesday, September 16th, 2025, a fee of \$5.00 in cash per bond will be required at the time of posting. Moving forward, bond processing payments will not be billed after the fact.

Please ensure that each bond is accompanied by the \$5.00 cash fee, as we will be unable to process bonds without this payment. Additionally, we will not be able to maintain a balance or process future bond payment fees on your account; all fees must be paid individually at the time of bond processing.

Please let me know if you have any questions.
